

Quality, Health, Safety & Environment Policy

OSC-SIML is committed to continually improve its business partners' confidence by providing the quality of services in the design, manufacturing and supply of products for the oil and gas Industries while protecting people and the environment. Emphasis must be placed on exceeding the expectations of our customers ensuring quality enhancement, human health, operational safety, and environmental protection.

We are committed to:

- *Protect, and strive for improvement of, the health, safety and security of our people at all times;*
- *Eliminate Quality non-conformances and HSE accidents;*
- *Meet specified customer requirements, applicable statutory and regulatory requirements and ensures continuous customer satisfaction;*
- *Set Quality & HSE performance objectives, measure results, assess and continually improve processes, services and product quality, through the use of an effective management system and its strategic directions;*
- *Plan for, respond to and recover from any emergency, crisis and business disruption;*
- *Minimize our impact on the environment through pollution prevention, reduction of natural resource consumption and emissions, and the reduction and recycling of waste;*
- *Communicate openly with Customers to ensure an understanding of our QHSE policy/procedures and reward outstanding QHSE performance;*
- *Improve our performance on issues relevant to our customers that are of global concern and on which we can have an impact, and share with them our knowledge of successful QHSE programs and initiatives.*

This Policy shall be regularly reviewed to ensure ongoing suitability. OSC-SIML is committed to conforming with all the above commitments, SIML procedures and all applicable laws and regulations where we operate. This is critical to our business success as it allows us to systematically minimize all losses and adds value for all our customers.

Ben Bianchi
Senior Vice President
